

REACH 30/30 - August 14, 2019

Keller and Heckman LLP presents a webinar on the European Union's REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) Regulation.

The complimentary REACH 30/30 webinar will be presented by Keller and Heckman LLP's Chemical Control attorneys. REACH impacts substances manufactured in or placed on the European Economic Area (EEA) market (the 28 EU member states plus Iceland, Liechtenstein and Norway). Its broad scope affects not only chemical companies but the entire supply chain, and not only industrial chemicals but also ingredients used in food packaging and cosmetics.
