For purposes of the Paycheck Protection Program, small businesses are broadly defined as a business with 500 or fewer employees, and include "nonprofits, veterans organizations, tribal concerns, self-employed individuals, sole proprietorships, and independent contractors."

The Department of the Treasury just published program information for Lenders and Borrowers. The information provided to Borrowers explains that small businesses and sole proprietorships may apply starting on April 3, 2020. Independent contractors and self-employed individuals can apply on April 10, 2020. The Treasury helpfully suggests, "We encourage you to apply as quickly as you can because there is a funding cap."
