Industry Spotlights Webinar Series - Non-Compete Agreements: Key Considerations for Health Care Employers

So far, the year 2018 has brought an increasing number of labor and employment rules and regulations. To help you stay up to date, we are pleased to invite you to join our *Employment, Labor & Workforce Management Webinar Series*. Each month, we will focus on a specific industry, topic, or practice area.

Our July webinar will be hosted by Epstein Becker Green's [Health Employment and Labor](#) (HEAL) strategic service team and [Trade Secrets and Employee Mobility](#) service team. This webinar will provide an overview of the legal landscape of non-compete agreements in the health care industry, including state law requirements and restrictions, public policy considerations, recent developments, and expected trends. The webinar will also address key considerations when drafting and enforcing non-competes, engaging in the due diligence process, and integrating providers following a health care transaction.
